Confirmation

ATA 300: Specifications for Air Transport

Further to your enquiry, please note the following information.

According to ongoing confirmations by our subsidiaries and our current knowledge. Samples of the products have been tested and complies according to the reference standards:

ATA 300 Revision2008, Cat. 1 standard [1]

Product identification

The ATA 300 Cat. 1 certification implies that the Rose Case ProSecure series cases have passed rigorous tests such as the "Drop Test" (280 drops) and the "Impact Test" where a 6 kg dart is dropped into the case from a height of 0.5 meters. This ensures that the container can withstand common impacts during air transport, including loading and unloading, and variations in atmospheric pressure up to 100 round trips.
