

The RoseCassette offers clear, organized storage with full visibility of the contents thanks to its transparent lid. Customizable thermoformed inserts, side grip recesses, and a swivel handle with secure closure provide maximum functionality. Optional printing and labeling further enhance this cleverly structured case.

BENEFITS

1. optimum visibility of the contents thanks to the highly transparent plastic lid
2. 90° swivel, retractable handle, which protects against unintentional opening even when unfolded
3. sturdy latches integrated into the case design, can be swiveled through 180
4. recessed handles on the sides
5. flat feet integrated into the contour
6. individual color combinations of case shells, latches and handle possible
7. excellent printing and labeling options, product information can be printed directly in the field of vision of the lid
8. matching thermoformed inserts (standard or individual), organization systems or foams according to customer requirements
9. excellent stackability and storability
